

The Music Learning Band Program at SEAS is a fully comprehensive band experience beginning in 5th grade and continuing through 8th. We start from day one with the fundamentals and basic technique on all instruments, while actively applying that to reading sheet music. The instruments offered in our program are the traditional Band instruments: Flute, All Clarinets, All Saxophones, Trumpet, French Horn, Baritone/Euphonium, Trombone, Tuba, Bass Guitar, and Drums. Our goal by the end of the first year is to develop confidence in technique and develop a home base for reading music. By the time a student leaves our program at St. Elizabeth Ann Seton they are ready for anything high school has to throw at them. We are a performance based group that performs at variety of functions at school such as Pep Rally's, Parades, Talent Shows, Veterans Day Programs, and Band/Choir Concerts. The students also have the opportunity to play at a number of events outside of the school, such as Christmas Parades, Dallas Stars Games, Six Flags, and Spring Break Tours. The goal of our program is to provide students a safe and fun atmosphere to begin developing lifelong skills through the role of band. The students will learn an appreciation for musicians and their craft, as well as learn to play in a "team" setting. I look forward to meeting you and your student and feel free to contact me anytime with questions at jchiuminatto@musiclearningband.com.

Thank you,

Joshua Chiuminatto
